Puzzle CORNER

Academy Fall Schedule

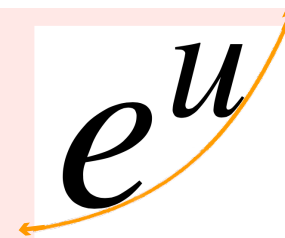

Our teachers and students enjoyed a great summer of advanced classes in math and science. Lab Bio and Zoology performed dissections, while Robotics and Musical Circuits gave kids practice with a soldering iron. We are really looking forward to starting the fall session, with classes including:
Environmental Chemistry, Geophysics, Space Exploration, Zoology, Programming, Video Game Design, and Debate!

Fall Session
October 2 - November 21
 Fridays and Saturdays
 8:30 am - 5:30pm

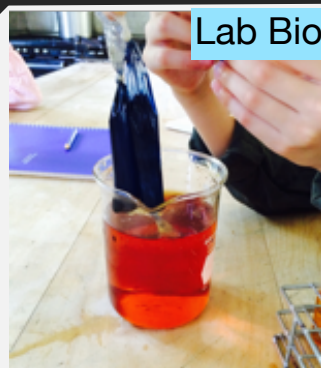

hbartutoring.com

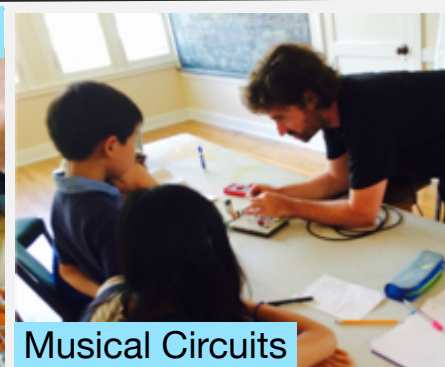

education to the universe

Check out the cover of our upcoming book! We have developed a unique, storytelling approach to teaching math. Here, the Greek characters from math become actual *characters*, in an exciting story about facing challenges and digging deeper to gain true understanding. *Sigma vs Python* coming soon!

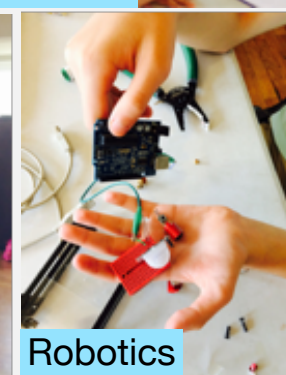

Lab Bio

Musical Circuits

Algebra Bootcamp

Robotics

ACROSS

1. A testable statement that answers a question
2. A neutral particle
3. The study of matter, energy, and force
4. Something that has mass and occupies space
5. A collection of tissues that carry out a function

DOWN

1. Two or more atoms held together by covalent bonds
2. A closed path through which electricity flows
3. Substance made of two or more elements
4. The capacity to do work
