Cognition

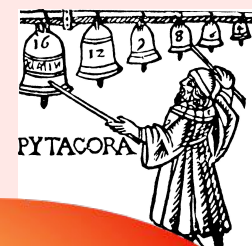

education to the universe

STEAM²

Science, Technology, Engineering,
Art, Math, and ... Music!

Math and Science connect to all areas of human endeavor, including the arts and music. At h-bar tutoring, we strive to highlight these links by providing examples students can appreciate. In fact, mathematics owes its start to music! Learn more in **Math and Music!**

October 2 - November 21

Fridays and Saturdays

9:00 am - 5:00 pm
