### *The Palladium* reflects on one year

What an exciting month! We had a total solar eclipse (webcast from Indonesia), Jupiter rising by the full moon, and the Vernal Equinox! We also celebrate our first full year publishing the *Palladium* for you!

If you find the information here helpful, then we have fulfilled the meaning of the word *Palladium*. We would love to hear from you about how we can best support you and your family to enjoy Math and Science.

Thank you for all for your readership during the past year. We hope to continue to be able to provide you with original material!

education to the universe

**MYTHICAL MATH:  
SIGMA VS PYTHON**

**Chapter Three available now!**
